

UPPER RAWCLIFFE WITH TARNACRE PARISH COUNCIL

CHAIRMANS REPORT MAY 2019

The 2018 St Michaels on Wyre Gala was once again held at the village hall, followed by the Duck Race on the River. The weather was very unkind and rained heavily but did not dampen spirits. Miss Connie Stewart was crowned queen by Mrs Pamela Green.

Well done to the Gala Committee and all their helpers to make this happen and The Parish Council will again provide a donation towards the necessary road closure which is essential to keep the gala running.

The satellite post office continues to provide the village with a valuable service Tuesdays and Thursdays.

The FLAG group have had some news that the Environment Agency will deliver repair works to the embankment on River Brock opposite Yoad Pool Outfall to commence summer 2019.

Also they have now obtained above ground controls with back up diesel generator, flood lights and regular monthly checks.

Thank you to all involved in the flood forum for their ongoing commitment to keep St Michael's dry.

Well done to our St Michaels in Bloom team, who won GOLD in the North West in Bloom competition.

Many thanks to Mr John Morris for mowing our lawns and Mr Dave Simpson who continues to do a great job keeping St Michaels tidy, still going above and beyond the call of duty!!

The Parish has unfortunately seen the passing of some irreplaceable people this year such as Graham Fleet, Hilda Thompson, David Kellet and recently Clifford Thompson & Dennis Eccles who both served on this Parish Council for many years. They will be missed.
